Fudan University 2027 Chinese-taught Undergraduate Programs

No.	School/Department	Program	Remark	Duration of Study	CSCA Test Subjects	Tuition
1	Department of Chinese Language and Literature	Chinese Literature		4 years	Chinese for Arts Majors, Maths (In Chinese)	23,000 RMB/Year
2		Chinese Language				
3	College of Foreign Languages and Literature	English				
4		Translation				
5		French				
6		German				
7		Japanese				
8		Spanish				
9		Russian				
10		Korean				
11		English-Computer Science and Technology (Double Bachelor's Degree Program)	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math and Physics during high school.		Chinese for Science Majors, Maths (In Chinese)	
12		Translation-Computer Science and Technology (Double Bachelor's Degree Program)				
13		French-Computer Science and Technology (Double Bachelor's Degree Program)				
14		German-Computer Science and Technology (Double Bachelor's Degree Program)				
15		Japanese-Computer Science and Technology (Double Bachelor's Degree Program)				
16		Spanish-Computer Science and Technology (Double Bachelor's Degree Program)				
17		Russian-Computer Science and Technology (Double Bachelor's Degree Program)				
18		Korean-Computer Science and Technology (Double Bachelor's Degree Program)				

No.	School/Department	Program	Remarks	Duration of Study	CSCA Test Subjects	Tuition
19	Department of History	History		4 years	Chinese for Arts Majors, Maths (In Chinese)	23,000 RMB/Year
20	Department of Tourism	Tourism Management	Applicants must have good performance in Math during high school.		Chinese for Science Majors, Maths (In Chinese)	
21	Department of Cultural Heritage and Museology	Cultural Heritage and Museology	Not suitable for applicants with color blindness or color weakness.		Chinese for Arts Majors, Maths (In Chinese)	
22		Archaeology				
23	School of Philosophy	Philosophy				
24		Religion				
25	Law School	Law				
26	School of International Relations and Public Affairs	Political Science and Administration				
27		International Politics				
28		Public Administration	Applicants must have good performance in Math during high school.			
29	School of Social Development and Public Policy	Sociology				
30		Social Work				
31	School of Journalism	Journalism				
32		Broadcasting				
33		Communication				
34		Advertising				
35	School of Economics	Economics	Applicants must have excellent performance in Math and a solid foundation in Math and Science during high school.			
36		Finance				
37		Insurance				
38		Public Finance				
39	School of Management	Economics and Management Experimental Program			Chinese for Science Majors, Maths, Physics (In Chinese)	

No.	School/Department	Program	Remarks	Duration of Study	CSCA Test Subjects	Tuition
40	International Cultural Exchange School	Chinese Language for Foreigners (Language & Culture)	The program is designed for international students only.	4 years	Chinese for Arts Majors, Maths (In Chinese)	23,000 RMB/Year
41		Chinese Language for Foreigners (Business Chinese)				
42	School of Social Development and Public Policy	Psychology	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math, Physics and Biology during high school.		Chinese for Science Majors, Maths (In Chinese)	26,000 RMB/Year
43	School of Mathematical Sciences	Mathematics and Applied Mathematics	Applicants must have excellent performance in Math and Physics during high school.		Chinese for Science Majors, Maths, Physics (In Chinese)	
44	Department of Physics	Physics				
45	Department of Chemistry	Chemistry	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math, Physics, Chemistry and Biology during high school.		Chinese for Science Majors, Maths, Physics, Chemistry (In Chinese)	
46		Energy Chemistry				
47	Department of Macromolecular Science	Polymer Materials and Engineering				
48	Department of Environmental Science and Engineering	Environmental Science				
49	Department of Atmospheric and Oceanic Sciences	Atmospheric Sciences				
50	School of Life Sciences	Biological Sciences				
51		Biotechnology				
52	College of Computer Science and Artificial Intelligence	Computer Science and Technology	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math and Physics during high school.		Chinese for Science Majors, Maths, Physics (In Chinese)	
53		Software Engineering				
54		Artificial Intelligence				
55	College of Biomedical Engineering	Biomedical Engineering	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math, Physics, Chemistry and Biology during high school.			
56	College of Intelligent Robotics and Advanced Manufacturing	Aircraft Design and Engineering	Applicants must have excellent performance in Math and Physics during high school.			
57		Theoretical and Applied Mechanics				
58		Intelligent Science and Technology				

No.	School/Department	Program	Remarks	Duration of Study	CSCA Test Subjects	Tuition
59	College of Smart Materials and Future Energy	Materials Science and Engineering	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math, Physics, Chemistry and Biology during high school.	4 years	Chinese for Science Majors, Maths, Physics, Chemistry (In Chinese)	26,000 RMB/Year
60		New Energy Science and Engineering				
61		Electronic Science and Technology			Chinese for Science Majors, Maths, Physics (In Chinese)	
62	College of Future Information Innovation	Electronic Information Science and Technology	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have excellent performance in Math and Physics during high school.			
63		Optoelectronic Information Science and Engineering				
64	School of Basic Medical Sciences	Basic Medical Sciences	(1) Not suitable for applicants with color blindness or color weakness; (2) Applicants must have good performance in Math, Physics, Chemistry and Biology during high school.	5 years	Chinese for Science Majors, Maths, Physics, Chemistry (In Chinese)	42,000 RMB/Year
65	Zhongshan Medical College Huashan Medical College	Clinical Medicine (5 years)				
66	School of Public Health	Preventive Medicine				
67		Public Utilities Management		4 years		
68	School of Pharmacy	Pharmaceutical Sciences				
69	School of Nursing	Nursing			Chinese for Science Majors, Maths, Chemistry (In Chinese)	
70	School of Stomatology	Stomatology		5 years	Chinese for Science Majors, Maths, Physics, Chemistry (In Chinese)	

Notes:

1. Students applying for English-taught programs are required to use CSCA test papers in the English language version.
2. For detailed information on Fudan University, its schools, departments and programs, please visit www.fudan.edu.cn.
3. The tuition information is for reference only. The exact amount of tuition fee will be announced upon enrollment.
4. Please consult the relevant authorities in the countries where you plan to practice medicine for the official statements on the requirements for medical practice if you want to study clinical medicine at Fudan University.
